

HERBAL PEELING GEL

GENTLY MASSAGES
AWAY DRY SKIN

DEEPLY CLEANS OILS
THAT CLOG PORES

HELPS TO MINIMIZE PORE SIZE
AND BRIGHTEN SKIN TONE

Herbal Peeling Gel: This gentle and soft exfoliator is abrasive particle free, and targets only the dead skin cells. Removes them gently without scratching live, healthy cells. Helps to minimize pore size and brighten skin tone. Prepares the skin to receive moisturizing and nourishing treatments. For all non-acne skin types.

Directions: Apply over cleansed, dry skin, avoiding eye area. Let remain on the skin until the gel melts (5 to 10 minutes). You will feel the enzymes begin to work. The gel will begin to melt and liquify indicating that it is loosening your dead skin cells. When the product is completely liquid, gently rub your skin in a circular motion for 2-3 minutes. Rinse face thoroughly with warm water after using. Use once or twice weekly.

Key Ingredients: Aloe Vera Gel, Glycerin, Chamomile Extract, Sodium PCA, Papaya And Pineapple Enzymes, Essential Oils, Glycosaminoglycans, Sea Buckthorn Oil.

Product Number: 110
