

REFRESHING MINT

MINT SOUFFLE

FOR NORMAL TO OILY AND COMBINATION SKIN TYPES
TO SOFTEN AND DISSOLVE OILS AND POLLUTANTS

HELPS TO PROMOTE CLEAR AND SMOOTH COMPLEXION

Mint Soufflé is a mild pH balanced facial cleanser recommended for normal to oily and combination skin types. It instantly softens the tap water and dissolves oily and contaminated sebum from the skin's surface. Use twice daily, massage onto the skin and rinse with tepid water. Follow with Menthol Astringent, then any day cream suitable for skin type. **Professional in salon use:** This is a milder version of Camphor Soufflé. Can be used as a disincrustation cleanser prior to extractions for normal to oily and combination skin types to soften and dissolve oils and pollutants congesting the skin (apply to face with water, lather then steam 2-5 minutes. Proceed with extraction). For sensitive skin do not steam. Could be followed by Camphor Astringent or Menthol Astringent for disinfection. Then Enzyme Peeling Cream or Scrub for exfoliation and Volcanic Mud, Mint or Azulen Mask for soothing. A second mask can be used for moisturizing (Cucumber Ice Sorbet or Collagen Mask). This product can be used as lipid layer neutralizer prior to AHA or Enzyme in-salon treatment. **Key ingredient functions and product benefits:** A deep pore cleanser with decongestive and anti-irritation activity. A Smooth whipped soufflé consistency. Fresh mint scent. Removes surface dead cell build-up, impurities and pore blockage. Promotes anti-bacterial activity. Helps to promote clear and smooth complexion. Can be used as a luxurious facial shaving cream. Fucus, Thyme, Horsetail and Sage extracts help to cleanse and rejuvenate normal to oily and combination skin. Can be used for dry skin as a once to twice weekly deep pore cleansing mini-facial when followed by Collagen mask and Moisturizer to re-hydrate the skin. No.102

DEEP PORE CLEANSER
