

HELPS TO IMPROVE SKIN TONE, FIRMNESS AND HYDRATION

SKIN RECOVERY MASQUE

MULTI-VITAMIN, ANTIOXIDANT AND ANTI AGING TREATMENT FOR NORMAL TO DRY, DEHYDRATED, AND UNDERNOURISHED SKIN

CONTAINS PENTAPEPTIDES FOR IMPROVED COLLAGEN AND ELASTIN PRODUCTION TO FURTHER REDUCE AND SLOW THE FORMATION OF NEW LINES AND WRINKLES

This creamy, emollient rich, antioxidant and multi-vitamin treatment mask is designed to enhance micro-circulation, improve epidermal regeneration, and naturally brighten your skin complexion. Sea Buckthorn Berry delivers effective restorative properties due to its high content of essential fatty acids, carotenes, tocopherols, and phytosterols. Elements which are all essential for healthy skin. Nutrient rich carrot oil, mango butter, and natural plant extracts help to increase the skin moisture level, oxygen uptake, and prevent early appearance of wrinkles. Contains pentapeptides for improved collagen and elastin production to further reduce and slow the formation of new lines and wrinkles. Recommended for normal, normal to dry, dehydrated, and undernourished skin. Use twice a week. Spread a small amount over the entire face, avoiding the eye area. Leave on 10-20 min., then rinse with tepid water. Could be used as a facial massage mask.

Professional in salon use: This is a moisture rich, creamy, whipped soufflé consistency nourishing mask with a light berry scent. The yellow color comes from Carrot Oil and Sea Buckthorn Oil. It is a non-setting type of phytotherapy mask (does not dry on the skin). Use of masks following serums and creams improves treatment properties and absorption of these products. Mask's properties could be customized to clients needs by blending appropriate serums (Vital Silk, Vitanol A, Line Preventing Serum) and creams (Vitaplex C, Revitalizing Cream, Bio Effective Night Cream), directly into the mask prior to skin application. A flash "moisture boost" effect helps to seal in the active ingredients contained in this treatment. In-Salon application: Analyze your client's skin to determine the correct treatment mask to use. Remove enough mask for one application with a disposable spatula from the bulk container and place in a smaller container for skin application or custom blending. Use on cleansed skin. Before proceeding protect the client's eyes with cotton pads dampened in warm water. Apply a thick layer with a brush, spatula or fingertips (a nickel-sized amount or more) over the entire face starting with the neck line, then jaws, cheeks, chin, nose and forehead. Avoid applying mask to lips, mouth, hairline, eyebrows and the area around the eyes. Ask the client if they are comfortable. Leave on for 5 to 15 minutes. The mask should be removed with tepid to warm water and cotton. Tone and refresh with appropriate toner (Aloe Cucumber or Ginseng Toners) and follow with a moisturizer or specialty product. Remove cotton pads from the client's eyes. For combination skin types, two masks can be used at the same time. Mild masks formulated for oily skin (Volcanic Mud Mask, Mint Mask) can be used on oily areas, and masks formulated for dry skin (Skin Recovery Mask, Collagen Cream Mask, Placenta Nourishing Mask) on the dry areas. For non-sensitive, dryer skin types can be used as a final emollient, calming, moisturizing and skin protective mask following in-salon procedures (Micro-Dermabrasion, Glycolic, Enzymes, LED).

Key ingredient functions and product benefits: Helps to reduce visible signs of aging, Supplies vital nutrients to the skin. Promotes skin balance and comfort. Sesame Oil, Safflower Oil, Squalane, Mango Butter, Glycerin and Carrot Oil protect from moisture loss and provide nourishment to the skin. Retinyl Palmitate, Tocophyrol and Ascorbyl Palmitate show skin renewal properties, help to calm inflammation and refine pores. Ginseng Extract, Sea Buckthorn Oil and Aloe Vera Gel provide soothing and healing properties. Collagen, a soluble protein, effectively helps to diminish wrinkles and age lines while restoring elasticity to skin. #600

DULL AND TIRED SKIN TREATMENT

WITH NUTRIENT RICH SEA BUCKTHORN AND CARROT OILS
