

ACTIVE CLEANSING GEL

Active Cleansing Gel (with AHA & BHA) is a deep cleansing (oil free) formula that thoroughly removes excess oil, surface impurities and make-up. It helps to exfoliate the dead cells thanks to Alpha and Beta Hydroxy acids, and natural enzymes. Active Cleansing Gel is recommended for normal-to-oily, oily, and problem skin types.

Professional in salon use: Can be used as in-salon all around facial cleanser for normal to oily and problem skin types. Removes make-up and all other impurities. Could be followed by Camphor or Menthol Astringent for additional cleansing and pollutant removal. Then Enzyme Peeling Cream or appropriate facial scrub for exfoliation and Mint or Bio Sulfur Mask (5-10 minutes) to detoxify the skin. A second mask can be used for moisturizing and soothing (Azulen Mask or Collagen Cream Mask). This product can be used as a light lipid layer neutralizer prior to AHA or Enzyme in-salon treatments.

Key ingredient functions and product benefits: Assists in promoting smooth skin and in achieving a more even complexion. Light and silky transparent gel consistency. A deep pore cleanser with decongestive and anti-irritation activity. Removes surface dead cell build-up, impurities and pore blockage. Promotes anti-blemish activity. Helps to promote clear and smooth complexion. Camphor, glycolic acid and herbal extracts help to cleanse and rejuvenate oily and blemished skin.

Directions: Apply with moistened hands, gently lather, then rinse. Follow with appropriate toner and moisturizer. Use twice daily or as needed. This product is not intended for removing make-up from eyelids and around the eye area.

Contains: Aloe Vera Gel, Decyl Polyglucose, Glycolic Acid-7% (partially neutralized for balanced pH), Salicylic Acid, Cocamidopropyl Betaine, Dimethicone, Yeast Extract (Vitamin B), Sodium PCA, Glycerin, SD Alcohol 40, Lactic Acid, Watercress Extract, Papain, Bromelain, Lavender Extract, Soap Wort Extract, Camphor, Sodium Hydroxide, Guar Gum, Phenoxyethanol, Sodium Benzoate.
