

GINSENG ASTRINGENT

Gentle, Exfoliating, Anti-Aging And Brightening Toner

This is a gentle, alcohol-free, glycolic astringent toner and freshener for normal to dry and sensitive types of skin. It helps to tone and firm the skin, tighten the pores, and smooth the appearance of the skin, to give it finer, softer texture. Ginseng is a natural supplier of oxygen to the skin cells. Accumulation of dead cells causes the skin to appear rough, dull and aged. Glycolic Acid and Ammonium Glycolate-{5%} work to help the skin loosen the excess accumulation of dead skin cells to a natural rate of exfoliation. Helps to diminish superficial sun damage, and reduces the appearance of fine lines.

Directions: Apply with cotton several times daily after cleansing and before applying serum, cream or make-up. Avoid contact with eyes and mucous membranes.
