

INSTANT OXYGEN

SKIN REVIVAL MASQUE

This oxygenating treatment helps to instantly revive dull, tired skin leaving it clean, soothed, glowing and refreshed. Provides immediate and long term benefits. Pure stabilized oxygen complex delivers important peptides, vitamins, amino acids and antioxidants to detoxify, hydrate and replenish skin. Helps to increase skin "plumpness" and decrease facial "puffiness". Ginseng Extract provides an additional oxygen boost to rejuvenate and purify the skin.

Key Ingredients: Aloe Vera Gel, Glycerin, Glucose and Fructose and Sucrose and Alanine and Glutamic Acid and Aspartic Acid, d-Penthanol, Tocopheryl Acetate, Retinyl Palmitate, Ginseng Extract, Chamomile Extract, Corn Extract, Sodium PCA, Pumpkin Seed Extract, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Essential Oils*, Glycosaminoglycans, Sea Buckthorn Oil.

Directions: Apply over slightly moist skin, avoiding eye area. The gel will begin to lightly bubble and a slight tingling and cooling sensation will develop, indicating delivery of additional oxygen to skin's surface and oxygenation of active ingredients. Let remain on the skin 3 to 5 minutes. Rinse face thoroughly with warm water after using. Use once or twice weekly or before a special event. For all skin types.

Professional in salon use: This is an active, cooling and purifying mask treatment. Provides a cooling sensation to the skin. Post-treatment skin is clean, refreshed, and more receptive to other treatments. Analyze your client's skin to determine the correct treatment mask to use. Remove enough mask for one application. Before proceeding, protect the client's eyes with cotton pads dampened in warm water. Apply a thin layer with a brush, spatula or fingertips (a nickel-sized amount or more) over the entire face starting with the neck line, then cheeks, chin, nose and forehead. Avoid applying mask to lips, mouth, hairline, eyebrows and the area around the eyes. Ask the client if they are comfortable. Leave on for 3 to 5 minutes. The mask should be removed with warm water and cotton. Tone and refresh with appropriate toner (Aloe Cucumber or Ginseng Toners) and follow with a moisturizer or specialty product. Remove cotton pads from the client's eyes. Can be used at the beginning of the treatment to remove make up and cleanse the skin or for non-sensitive skin types, can be used as a final calming, moisturizing and skin protective mask following in-salon procedures (Micro-Dermabrasion, Glycolic, Enzymes, LED). For sensitive skin types dilute a small amount of mask with purified water (50/50 ratio) prior to application and allow to remain on the skin for a shorter period of time.

Key Ingredient functions and product benefits: Sodium PCA, Glycerin, Glucose and Fructose and Sucrose and Alanine and Glutamic Acid and Aspartic Acid (Amino Acid Complex), and d-Penthanol protect from moisture loss and provide nourishment to the skin. Tocopheryl Acetate (Vitamin E), Retinyl Palmitate (Vitamin A) show skin renewal properties. Sea Buckthorn Oil, Chamomile Extract, Corn Extract, and Pumpkin Seed Extract are known for their soothing and antioxidant properties. Ginseng Extract and Aloe Vera Gel provide soothing, oxygenating and healing properties. Palmitoyl Oligopeptide, and Palmitoyl Tetrapeptide-7 provide improvement in Collagen and Elastin production to further reduce and slow the formation of new lines and wrinkles. Essential Oils* provide skin balancing, soothing, normalizing, calming, relaxing, antibacterial, decongestant, detoxifying, and restorative properties. Essential oil aroma also has unique properties that are known to create both energizing and mood-elevating effects. Glycosaminoglycans help to calm inflammation and refine pores. Organic* #115
